Dear Society Friend,

On behalf of The Leukemia & Lymphoma Society, please accept our sincere thanks for your generous gift of \$450 made on November 2, 2007 in memory of Robert Milano. We sympathize with the loss caused by this devastating disease and are very grateful for your thoughtful contribution.

Your support of the Society provides the needed resources to continue our efforts to find cures for leukemia, lymphoma, Hodgkin's disease and myeloma, and improve the quality of life of patients and their families. Since 1949, we have invested over \$424 million in research because we believe leukemia research findings are a key to finding cures for all cancers. In addition to our research programs, we offer support groups, financial aid, information and advocacy programs for patients and their families

This is a very exciting time to be involved with the Society. Innovative programming is underway and breakthroughs are within our reach. You may follow our breaking news at [www.leukemia-lymphoma.org](http://www.leukemia-lymphoma.org). We ask that you also remember the Society if your employer offers a matching gift program. With a matching gift, you can have twice the impact on the progress toward cures. If you have any questions, you may contact the Southern Florida Chapter at (954) 961-3234 or our national headquarters at (888) 773-9958.

Thank you again for joining us in our lifesaving efforts. Your support of our mission is deeply appreciated.

Sincerely,

Jane F. Karlin  
VP, Mission Advancement
